RICHMOND, VA., Nov. 25, 1859. SIR: I have information from various quarters, Ohio, Pennsyivania, New York, and other States, to rescue Jno. Brown and his associates, prisoners at Charlestown, Virginia. The information is specific enough to be reliable. It convinces me the County Clerk's offices of their respective that an attempt will be made to rescue the prisoners, and, if that fails, then to seize citizens of this State as hostages and victims in case of ex ecution. The execution will take place next Friday, as certainly as that Virginia can and will enforce her laws. I have been obliged to call out one thousand men, who are now under arms, and, f necessary, shall call out the whole available force in this State, to carry into effect the senence of our laws on the 2d and 16th proximo. Places in Maryland, Ohio, and Pennsylvania ave been occupied as depots and rendezvous by these desperadoes, unobstructed by guards or otherwise, to invade this State, and we are kept in continual apprehension of outrages from fire and rapine on our borders. I apprise you of these facts in order that you may take steps to preserve peace between the States. I protest that my purpose is peaceful, and that I disclaim all threats when I say, with all the might of

To His Excellency, James Buchanan, President of the United States.

Washington City, Nov. 28, 1859. Sir: I received, on yesterday, your favor of the 25th inst., stating that you have received inmeans and numbers, is formed in Ohio, Pennsylvania, New York, and other States, to rescue John Brown and his associates, prisoners at Subscription in every school district; but brief Charlestown, Virginia " The information, you statements, accompanying their regular returns, believe, is "specific enough to be reliable," and you are convinced "that an attempt will be made to rescue the prisoners, and, if that fails, then to seize citizens of this State (Virginia) as hosages and victims in case of execution.

You do not communicate the facts on which ur convictions are founded, in the absence of which it would seem almost incredible that any portion of the people of the States mentioned should be guilty of the atrocious wickedness, as well as folly, of attempting to rescue convicted traitors and murderers, from the penalty due to their crimes under the outraged laws of Virginia. You express entire confidence, in which I hear tily participate, that the noble Old Commonwealth is abundantly able and willing to carry her own laws into execution. Had this been otherwise, and had you, as the Governor of Virginia (the Legislature not now being in session,) nade application to me for the aid which the Constitution and laws of the United States would nable me to afford, this should have been cheer fully and cordially granted. Still, there is one measure which, on the presumption that your information is well founded, it is both my right and my duty to adopt-that is, to reinforce the guard already stationed at Harper's Ferry. This may become necessary, not only to protect the public property clearly within federal jurisdiction, but to prevent the insurgents from seizing the arms in the arsenal at that place and using them gainst the troops of Virginia. Besides ssible the additional troops may be required to act as a posse comitatus, on the requisition of the Marshal of the United States for the western district of Virginia, to prevent the rescue of Stevens, now in his custody, charged with the crime of high treason. I have, therefore, as a precau tionary measure, directed the Secretary of War to order two companies of artillery to proceed immediately from Fortress Monroe to Harper's

You also inform me that "places in Maryland, Ohio and Pennsylvania have been occupied as depots and rendezvous by these desperadoes, un obstructed by guards or otherwise, to invade' Virginia, and you apprise me of these facts in order that I "may take steps to preserve peace be tween the States." I am at a loss to discover any provision in the Constitution or laws of the United States which would authorize me to "take steps" for this purpose. It is, doubtless, the imperative duty of the respective State governments to break up such depots, and to prevent their citzens from making incursions into Virginia to disturb its peace or prevent the execution of its laws. If the Federal Executive, however, were to enter those States and perform this duty for them, it would be a manifest usurpation of their rights. Were I thus to act, it would be a palpable invasion of State sovereignty, and as a precedent, might prove highly dangerous. My authority for calling out the militia or employing the army and navy, is derived exclusively from the acts of Congress of the 28th of February, 1795, and the 3d March, 1807, which clearly do the acts of the acts of Congress of the 28th of February, 1795, and the 3d March, 1807, which clearly do not embrace such a case as is now presented. It will not be pretended that such incursions from one State into another would be an invasion of the United States "from any foreign nation or Indian tribe," under the act of February, 1798, rendering it lawful for the President to employ

the Federal forces "to repel such invasion." In conclusion, I beg to express the hope that whether the information you have received be founded in truth or not, the energetic measures already adopted under your direction will prove sufficient for any emergency that may occur.

Yours, very respectfully, JAMES BUCHANAN. To his Excellency, HENRY A. WISE, Governor of

PROSPECTUS

OF THE NEW YORK LEDGER.

As an indication of the popularity of the LEDGER, we larger than that of any other TEN literary papers in the country. The great success is owing to the fact that its proprietor secures the best writers in the country, and spares no expense in getting up the BEST FAMILY PAPER—a paper of high moral tone. The exalted reputation of its contributors; the practical and invariably pure and healthy character of all its articles; the care which is taken that not even one offensive word shall appear in its columns, and the superiority of its Tales and Sketches, have gained for the NEW YORK LEDGER a position that no literary paper has ever before reached. We feel, and always have felt, since the LEDGER attained its immense circulation, that a heavy responsibility rests upon us, and have endeavored to discharge that responsibility conscientiously, feeling confident that ultimately we should receive the thanks of thousands and tens of thousands of families.

As to the future, we are at a loss what to say. We prefer to perform rather than to promise. What we have heretofored one is known to our readers; they know what the LEDGER has been and is now, and must therefore judge what it will be hereafter. We can only say that among the contributors to the LEDGER are

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find n it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate invigorating to the bowels, excellent as a tonic. and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhæa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial. CAUTION .- We caution the public against

using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

An Asylum for Idiots.

That part of the Governor's Message which recommends the establishment of a school for the education of idiots and feeble-minded children meets with the unqualified approbation of all parties, and does credit to the Governor's heart. In view of the fact that there are now in Kentucky more than 800 of these unfortunate persons, 500 of whom are supported by the State, at a cost of about \$30,000 per annum, the policy of a school for the purpose of fitting them to earn their own livelihoods, and, more than all, to open their minds to the influences of religion and reason, and thus prepare them to enjoy the blessings of life, must be evident to every one. The practicability of such a scheme has already been tested, and resulted in unlooked-for success. Of course they can never be brought to a high standard of intellectual strength, but few of them are so entirely destitute of sense as not to be susceptible of great improvement by cultivation and care. Their facilities are yet dormant, but much has and can be done to develope them and render them comparatively useful members of the body politic. We distinctly recollect the exhibition of educated imbeciles before the last Kentucky Legislature, and it affords us great pleasure to testify to the eminent success which had attended the humane efforts of the gentleman who had them in charge. All other classes of our unfortunates have had Asylums furnished for them by the State; theu

In this connection we would remark that it is a matter to be regretted that the State institutions have not been located at the Capitol, under the immediate supervision of the State authorities, and directly under the eye of the Legislature. As matters are, the Legislature is obliged to appoint a commissioner to go to different portions of the State, who return with imperfect reports. How much more understandingly could they legislate, if the Lunatic, Blind, and Deaf Mute Asylums being in Frankfort, so that each member of the Legislature could visit them in person, and judge for himself of their necessities and management. We trust that the General Assembly will reflect upon this point if they conclude to establish the much needed asylum for idiots.

We are apprehensive that he will "have no words to express" his opinions upon the subject of protection to slave property in the territories, though the embarrassment will not altogether that contained in these letters has reached me proceed from "feelings of gratitude."-He won't give a direct answer to those questions. And the fun of the matter is, caring a great deal what his opinions may be. Was a Kentucky Democrat ever his party, because his soundness on the to break up such combinations, and defeat their slavery question was suspected? Does not the endorsement of a Democratic causins of the past?

Every body knows that no artist can color a picture to life by simply giving directions as to color of hair, eyes, etc.; but to give a correct likeness the artist ought to see the subject occa sionally. If it were legally essential to a conviction under the act of '55-'56, for a violation of which this prosecution was had, to describe with precision, and prove the aside character of holding of the person controlling the premises upon which the gaming occurred, then no doubt could be en- for failure to file record. struction given by the Circuit Court, of which the appellant complained; but it seems to us that it is not thus essential or

The gist of the offense is the gaming apon premises without permission of the person having control or dominion over them-whether as the absolute owner, essee, tenant, or otherwise; and an allegation that such person is owner, occupant, quire evidence showing title in him. All that is necessary upon this point is to prove that he had dominion or control over the premises, whether in one or the other capacity. When this is done, the defendant, who has been guilty of gaming, may excuse himself from the penalty of the act, by showing permission from the person thus controlling the premises, but not otherwise. not otherwise.

It seems to us, therefore, that the Court below erred in instructing the jury, that they must believe that Smith was he owner of the premises, before they ould convict.

Wherefore, the judgment is reversed, and cause remanded for a new trial and further proceedings.

Barren Circuit. MAUPIN. Chief Justice Simoson delivered the ppinion of the Court:

As under the constitution and laws of the United States, there was not, and TYMPANUMS, OR EAR-DRUMS the United States on the 4th day of Nowhich charges the defendant with betting which charges the defendant with betting on the result of that election is manifestly insufficient, inasmuch as the offense charged could not have been committed. The indictment is therefore defective in failing to state facts which constitute a public offense, and the demurrer thereto was properly sustained.

Wherefore the judgment is affirmed:

Sewall H. Fisk, a dealer in boots and shoes, on Market square, of several years' standing, has been the object of suspicion for some time in onsequence of his known abolition proclivities. he has taken, as we are informed, some trouble to make known to our slave population. His latest acts are enticing negroes into his cellar at night and reading them all sorts of abolition documents, and last Sunday night was devoted especially to the history of the trial of John Brown, and a general exhortation upon the institution of slavery and the advantages of freedom. These facts, as we hear, were sworn to before a Justice of the Peace by his nephew and his clerk, and, coming to the ears of some parties who have constituted themselves a quasi vigilance sistance. He was then placed in a carriage and driven a short distance from the city, and the application as above made to his nude person. He as then left to find his way back as best he could. His first appearance in the limits was near the hospital, where he came in sight of a watchman, who was so alarmed at the sight that he gave a spasmodic jerk at his rattle and took to his heels, not willing to face so dreadful an apparition. A reinforcement, however, was brave enough to believe that his answer would not have affected their votes, whatever it body you will, the blow is sure to go against his his hair was trimmed close to his head.

J. H. GARDNER'S ENGLISH AND CLASSICAL FEMALE INSTITUTE. BRIDGEP ORT, KENTUCKY.

BRIDGEPORT, KENTUCKY.

The semi-yearly sessions of this Institute commences to the FIRST MONDAY IN FEBRUARY and the FIRST MONDAY IN SEPTEMBER, each year. The Course of Study embraces the Primary, Academical and Collegiate Departments, with the Modern Languages. The mode of instruction is thorough and scientific. To raise the standard of Female education is the greataim of the teachers, and to aid them in this, a "Visiting and Examining committee" of three will visit the school quarterly, and by their rigid examinations will prove, it is hoped, valuable auxiliaries to the teachers, in exciting a spirit of energy and application. The course of instruction embraces four departments, and diplomas will be granted those who complete successfully and thoroughly a full course of study. The location is in the pleasant village of Bridgeport—five miles from Frankfort, and forty-eight from Louisville—which is unsurpassed for its salubrity and the morality and refinement of its inhabitants, making it a desirable place for the education of girls. It is convenient of access by the Louisville, Frankfort and Lexington railroad, and by daily stages from Frankfort, Shelbyville and Louisville. The young ladies board in the family of the Principul, and are treated with paternal care and kindness—enjoying, at the same time, the advantages of a refined social intercourse.

The sessions will continue twenty weeks; but pupils are admitted at any time, and charged to end of term. No deduction made for absence save in cases of protracted illness. All bills to be paid in advance. Interest charged on all unpaid bills. All we ask, is: give us the pupils, and we will clearly demonstrate, that we give full value received.

Ague Cure,

FOR THE SPEEDY CURE OF Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused

by the Malaria of miasmatic countries. No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quan-

tity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cure" expels the miasmatic poison of Fever and Ague from the system and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is proach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fever have a record to the control of the control AND AQUE prevails, every body should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, but on the intermittent type or become period. put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy af-

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions. So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten. John Bull's Compound Pectoral OF WILD CHERRY.

THE seal of public approbation has been so unmistakably fixed upon this Medicine that the proprietor feels it to be his duty to call the attention of all those persons to it who are suffering from, or who are threatened with, affections of the Lungs or Throat. Its basis is the active principle of the Wild Cherry Bark, but it contains also, in proper proportions, other of the most efficient pectorals of the MATERIA MEDICA. Its component parts and proportions are well known to physicians everywhere, as the proprietor makes no secret of them, and they have met the universal approbation of the faculty, who, as a general thing, prefer using this preparation to any prescription which they can have prepared by a druggist.

It can be procured from druggists and country stores everywhere.

THE VESPER GAS OR APR LIGHT.

The Cheapest, most Brilliant, and most Convenient Artificial Light in the World!

The Cheapest, most Brilliant, and most Convenient Artificial Light in the World!

THE Vesper Gas Light has won for itself a reputation for elegance, economy, safety, and simplicity far beyond any other artificial light. The Vesper Gas flame and fixtures precisely resemble in form those of coal gas; but in brilliancy and purity of light it possesses a decided advantage over even Louisville coal gas. It requires no chimney; there is no need of daily trimming of wick; and the construction of the fixture is so simple that it is not liable to get out of order, and a child can manage it readily. The gas burned in the Vesper fixtures is generated from pure coal oil, without any admixture of alcohol or other loreign ingredient. It is entirely free from odor while burning, as, by a simple contrivance, the vapor of the oil is mixed with the atmosphere, producing perfect combustion and a most intense light. The light has been pronounced, by those who have had it in constant use for months, as most pleasant to the eye while reading or sewing, there being no flicker or unsteadiness in the flame. The Vesper Gas Light is portable, and can be used in town or country—in fact, wherever artificial light is required. The fixtures themselves are adapted in styles to suit all tastes, from the plain single-light burner to the most costly chandelier. Each chandelier is perfect in itself, there is no outlay to be made for service pipes. The gas is generated in the burner, and all fixtures, from the cheap single-light burner to the expensive chandelier, are miniature gas-works in themselves. They are sold at prices which do not exceed the cost of the ordinary gas fixtures of similar style and ornamentation. A price list will be sent to any address on application.

MERCHANTS

Visiting Louisville should not fail to procure the Ves per Gas Fixtures for their stores.

Churches, Hotels, Public Halls, and Private Residences
Throughout the State can now be fitted up with these elegant and convenient chandeliers, and other beautiful gas fixtures, which add so much to the appearance of such places, and to the comfort of the home circle, and which heretofore could be used only in those favored districts embraced within the coal-gas limits of large cities.

Vored district cholden and the control of the limited space of an advertisement precludes the insertion here of the numerous testimonials of approval we have received from all quarters. Suffice it to say, scientific men and others who have examined and thoroughly tested the merits of the Vesper Gas Light pronounce it the best and cheapest artificial light now

onounce in own.

The proprietor respectfully requests responsible erchants in every town and county in the State to corespond with him, believing they will find it to their increst to aid him in introducing this unequaled light to a constant. heir customers.
